ATTACHMENT TO

NOTICE OF NON-COMPLIANT AMENDMENT

- 1. Prior to receipt of the July 19, 2004 amendment, the claims had been amended once in October 6, 2000, by canceling claim 52 and amending claims 1, 10, 15, 18, 20-23, 26, 30, 31, 32, 37, 38, 49, 54 and 61. Now, in the July 19, 2004 amendment, the following claims statuses are misidentified:
 - Claim 2-4, 6, 7, 9, 11, 13, 14, 16, 17, 19, 25, 27-29, 33-36, 39-42, 44-48, 53, 55-60 are identified as "previous presented", but they are actually - original - given that they have never been amended
 - Claim 52 is identified as "previously presented", but is has been - cancelled -.

Correction of the current claim status is required.

2. Given the cancellation of claim 52 in the October 6, 2000 amendment, currently pending claim 58 now depends from a cancelled base claim. Correction is required.

3. A substitute specification was filed on October 6, 2000. However, the PTO file is missing the marked-up copy identifying all changes. A copy of the marked-up substitute specification is requested in response hereto.

- 4. Applicant had identified this application as a "continuation-in-part" in the papers filed on September 13, 2000. However, in the preliminary amendment filed on October 17, 2002, the specification was amended to claim "priority to ... 09/052,591", without identifying the instant application as a CIP. Is this application a CIP, or a continuation/divisional? The first sentence of the specification should clarify the nature of the priority.
- 5. An Office Action on the merits will promptly follow the fulfillment of the above requirements.
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian P. Werner whose telephone number is 571-272-7401. The examiner can normally be reached on M-F, 8:00 4:30.
